Re: ATIS Letter Ballot PTSC-LB-261_d Closing Letter

Dear Martin:

ATIS Letter Ballot PTSC-LB-261_d, entitled "draft proposed ATIS Standard, *Session Initiation Protocol (SIP) Resource-Priority Header (RPH) and Priority Header Signing in Support of Emergency Calling*" closed on June 23, 2021. The results are as follows:

15	Approvals Comments: Neustar
0	Disapprovals No comments
13	Abstentions No comments
4	Ballots not returned
32	Voting members

The comments received will be addressed by the committee at an upcoming meeting. Should the resolution(s) be substantive in nature, a default letter ballot will be issued. If there are no substantive edits to the document, it will move to publication.

Sincerely,

[Original signed by A. Karditzas]
